Monogram Homes

September already?

As we approach election season, it's important to stay informed and up to date on the local candidate races in your area. Your vote has the power to make an impact on the future of your community. By taking the time to research the candidates and their platforms, you can make an informed decision on who you believe can best represent your values and address the needs of your community. It's important to approach the election process with respect and keep an open mind, as there may be differing viewpoints and opinions. Remember that the candidates are running to serve and represent you, and your vote is an integral part of that process. So, let's stay informed and enthusiastic about the opportunity to participate in our democracy by exercising our right to vote.

We extend our sincerest thanks to all who attended the Young Professional Golf Tournament. With your presence and participation, the event was a great success. We could not be more grateful for the support and enthusiasm that you brought to our tournament. It was an honor to see so many young professionals come together for a day of golf, networking, and fun. We hope that you had an enjoyable experience, and we cannot wait to welcome you back for future events. Thank you again for your attendance, and we look forward to seeing you soon.

All members are welcome to join us at the Idaho Home Builders Association 2023 Fall Board of Directors Meeting in Nampa. Come network with other members, learn what is happening in our association statewide and we have a lot of FUN activities planned.

Hey there, fellow building contractors and industry affiliates! I just wanted to take a moment to express my gratitude for your continued three-in-one membership in the North Idaho Building Contractors Association, IHBA, and NAHB. Being part of these organizations offers us amazing benefits and opportunities to grow our businesses and stay updated on industry changes.

By joining NIBCA, we gain access to a ton of resources like job postings, educational events, industry-specific happenings, and news updates. Plus, we can network with other professionals and get referrals from fellow members. This is super valuable, especially if you're just starting out or expanding your business into a new area.

As for IHBA and NAHB, being members gives us even more advantages. We get to connect with building professionals from all over the country, exchange ideas, and learn about best practices. These organizations also host awesome conferences where we can attend workshops and seminars led by experienced experts. Talk about leveling up our skills! Not to mention, those conferences are fantastic for networking and forging collaborations.

Membership in NIBCA, IHBA, and NAHB truly offers a plethora of benefits. From staying informed about industry changes to connecting with amazing professionals and taking advantage of educational opportunities – these organizations are the backbone of our success as building contractors. Thank you once again for your incredible support! Let's keep building and having a blast while we're at it!

Advocacy is more than a buzzword. It's crucial to fight for what's right, and each of us has a responsibility to get involved. As President Theodore Roosevelt once said,

"Every man owes a part of his time ar money to the business or industry in which he is engaged."

We have a moral obligation to support organizations working improve conditions within our sphere. Your voice matters. Sp get involved, and make a difference. Take a stand and fight what's right.

As citizens, we must be informed and knowledgeable about government's actions. This includes attending meetings and updated on the political liaison report. By doing so, we empo ourselves to understand and influence decisions made on ou

Let's not take our role in our democracy lightly. Mark your ca for the third Thursday at noon and take the time to get educa time to step up and be informed about the issues that affect

NIBCA is absolutely thrilled to be celebrating Associate Member Appreciation Month in September, and would like to give a big thank you to the Associates Committee and staff for all of their hard work in making associate events a smashing success.

Despite the hustle and bustle of August, members still managed to clear their schedules for coffee talks and even a Skeet Shootout! These Coffee Talks provide members with valuable industry information and how to navigate different resources such as Joint Government Meetings and General Membership Meetings to improve their expertise.

To commemorate Associate Appreciation Month, NIBCA is planning pop-up coffee events with special treats provided by Evergreen Home Loans, making sure to show our members how grateful we are for their contributions to the building industry.

Finally, members are invited to attend the Associates Committee/Gone Wild Meeting on September 28th, with a reminder that if they would like to volunteer for Gone Wild on November 1st, attendance at both the September and October meetings is required to do so!

Overall, NIBCA is happy to show how much we appreciate our hardworking members and the Associates Committee who make these events possible!

It brings us great joy to express how happy we are to have had such a wonderful group of young professionals attend our recent golf event. Your enthusiasm and passion for the game of golf was truly inspiring. Your presence at the event not only brought an added level of energy, but also helped to make it a huge success. It was a pleasure to see so many talented individuals out on the course and enjoying the beautiful weather.

We want to extend our sincere thanks to each and every one of you for making the event such a memorable experience. We hope to see you all again at our future events. Thank you!

YOU can Make a Difference!

The NIBCA Education Committee is hard at work bringing awareness about jobs in the building trades to Grades K-12. Starting September 6, members will begin monthly visits with our Student Chapter at KTEC to build relationships with construction students and increase their interest and connection with the building community. We would love to have as much participation as possible from our members. **Use the QR Code at the bottom of the page to sign up to attend one of the monthly meetings!** If you have some cool company swag you'd like to bring on your visit, feel free, or send it our way and we will deliver it.

Pet Parade of Homes judging is this week! Projects were submitted and there are some amazing entries you don't want to miss! Stop by the Home Base Showcase and vote for your favorite during Parade of Homes! Awards night is September 20, 6pm at NorthRidge Contracting Parade Home!

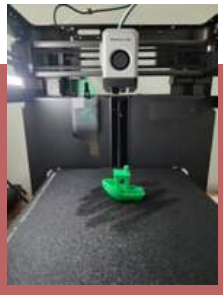

Our 3D printing program has been a lot of fun so far. We've had a great turnout for 3 sessions so far, one for ages 10-adult, including some NIBCA members. Next class, at Gizmo, is September 27. Watch for registration info! We will be setting up our "lab" and scheduling more classes at the office! Stay tuned for registration links! In October we will host a **Build 3D Printers** class and we need a couple of builder members to work with Student Chapter members to build a printer and learn the nuts and bolts of 3D printing. Let us know if you are interested and watch for the announcement.

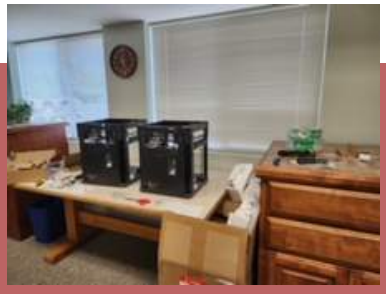

October 5th the Education committee is inviting people from the permitting departments in CdA, Hayden, Post Falls, Rathdrum, and Dalton Gardens to shed some light on the issues they have that hold up the permitting process. Come learn about problem proofing your permit submissions. You can register on the NIBCA event calendar.

National Preparedness Month

National Preparedness Month, according to ready.gov, is "an observance each September to raise awareness about the importance of preparing for disasters and emergencies that could happen at any time.

This one-of-a-kind campaign is committed to putting people first and reaching communities where they are.

1. How will I receive emergency alerts and warnings?
2. What is my shelter plan?
3. What is my evacuation route?
4. What is my family/household communication plan?
5. Do I need to update my emergency preparedness kit?
