What is the SPIKE Club?

When it comes to expanding our association, member-to-member recruitment and retention efforts contribute significantly to our growth. However, it's the SPIKEs that drive grassroots growth and stability. So, what are SPIKEs? They are the membership leaders within our association, playing a crucial role in amplifying the voice, power, and influence of our organization at all levels and across states. Without them, maintaining the momentum essential for representing our industry's true essence and the broad range of interests we advocate for would be challenging. Thanks to these exceptional members, we uphold a robust leadership pipeline and continue to enhance our general membership, making us more efficient than ever. UNDERSTANDING THE HEARTBEAT OF YOUR COMMUNITY: WHAT OUR POLITICAL ACTION COMMITTEE ACHIEVES FOR YOU

Have you often found yourself pondering the significance of political engagement and wondering precisely how our Political Action Committee (PAC) tirelessly advocates for your interests? It's about time we shine a light on the dedicated activities and remarkable achievements that keep the heart of our community beating strong.

A Voice That Resonates in the Halls of Power

At the core of our mission, we interview candidates—those bold individuals stepping forward to lead. But it's more than a conversation; it's a voyage into the heart and mind of potential leaders. What drives them? Will they champion the cause of homeownership that remains dear to all of us? Our approach is rigorously non-partisan. Why? Because your home is not a matter of left or right. It transcends political divides, impacting every facet of American life. We believe in supporting ideas, not ideologies.

The Pinnacle of Our Purpose

Perhaps our most crucial role is to endorse candidates who align with our principles of protecting and promoting homeownership. These endorsements are not made lightly. They're the culmination of intense scrutiny and dialogue, representative of our commitment to you and the community we all cherish.

Your Part in This Pivotal Play

How can you mirror the enthusiasm and spirit we devote to our cause? First, stay informed. Engage in discussions, attend community forums, and vote with confidence. Remember, each ballot cast is a building block of our democracy.

Forge Ahead with Us

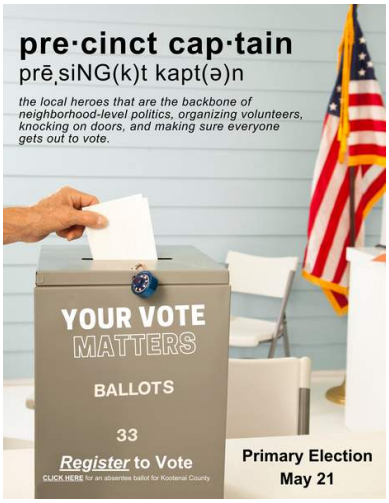

We encourage every member to be proactive. Advocate, volunteer, or donate—every action you take fortifies our collective voice.

Together, we are not just a Political Action Committee; we are guardians of a vision where every individual has a place they can proudly call home. Thank you for your continued support, as we pledge to support you and our beloved community with unwavering commitment and fervor.

Remember, we are stronger together. Join us, and become an integral part of the voice that stands for homeownership. Your voice is our strength.

March was a big month for Education and Workforce Development. It started off with the Home and Garden Show and the first Junk Wars competition between five teams of KTEC Construction students. They spent 30 minutes planning their project for “backyard friends” and then spent just over 3 hours building. Finished projects included a dog house, chicken house, wood shed, beverage bar, and out house. Supplies were hauled in by **Panhandle Landworks** and **Silver Ridge Construction**, who also provided tool trailers and their crew to handle supervision and any assistance needed. Home and Garden Show sponsors acted as judges and chose the winners and the finished products were sold to the highest bidders. Money raised was returned to the student participants with gift cards at Lowes. Coeur d’Alene Power Tool also donated gift cards for the winners! Thank you Panhandle Landworks, Silver Ridge Construction, Brian Davis (KTEC teacher) and all those who came out to support and cheer on the students. We are so proud of you!

March also launched the new NIBCA Construction Trades Sign On Bonus/Scholarship Award. Graduating high school students in the five north counties in Idaho who are entering either a study program or job in the building trades are eligible to apply for the award before the May 1 deadline. More information and the application link is available on the NIBCA website.

On March 12, at the Coeur d’Alene Regional Chamber of Commerce Upbeat Breakfast, NIBCA was honored to receive the Chamber Education Committee A+ Award, recognizing NIBCA’s support for education in the community through involvement at KTEC, North Idaho STEM, Pet Parade of Homes, Careers in Construction Month, and PWB Women in the Workshop. If you are interested in knowing more about how you can be involved in workforce development and education, call the office or email Suzanne@NIBCA.com.

Thank you to all the NIBCA members who came out for the KTEC Job Fair on March 15. Your investment in the future workforce is key and your engagement with the students is imperative to building the careers of these new trades people!

Thank you for your support!

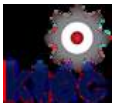

Merritt Timm
